

**2024**

ANNUAL REPORT

# Advancing the Mission:

**Unlocking  
our Potential**

**David M. Becker**  
President and CEO

**Kirstie Foster**  
Board Chair

## *Friends,*

2024 was the second year of our Bigger, Bolder, Better strategic plan, and it certainly was a Bigger, Bolder, Better year for Angel Foundation™. Emergency Financial Assistance saw a 26% year-over-year increase, awarding more money than ever before. Financial Cancer Care also had a record year, providing financial education to 276 clients, valued at \$1.6 million. We served 1,809 individuals and provided \$10,000 in donated tickets through our Adult & Family Programs, giving families the opportunity to enjoy time together.

We're proud that in 2024 we served 3,679 unique clients—our biggest year yet. Grow, Advance, and Build, the three pillars of our strategic plan, shaped Angel Foundation's™ work this year as we advanced our mission to unlock our potential.

In 2024, we grew our service area to include Olmsted County, home to Rochester and Mayo Clinic, serving 331 people across our programs. We also served 345 people in St. Louis County (home to Duluth).

Our Mission Delivery team diversified our referral sources beyond hospitals and clinics, ensuring clients can access our services. We saw a 15% increase in service to underserved communities in 2024.

Building our capacity to deliver enhanced and expanded services, Angel Foundation™ partnered with Allianz Life Insurance to provide employees with Angel Packs™ as a wellness benefit, further diversifying our revenue portfolio. To ensure sustainable growth of both our programs and fund development efforts, Angel Foundation™ added two positions to our staff: Program Coordinator Ka Zoua Xiong and Leadership Giving Officer Aleah Van Horne.

While there is much to celebrate from 2024, demand for Angel Foundation's™ services only continues to grow. We are focused on continuing to advance our mission in the final year of our strategic plan, while also thinking big about our next strategic plan and what the years to come will look like for Angel Foundation™ as we continue to unlock our potential to best serve Minnesota's cancer patients and their families.

With gratitude,

*David M. Becker*      *Kirstie Foster*

*"As a patient navigator, I help connect families and patients to the resources available to them, but those resources are often limited or nonexistent. Without Angel Foundation™, I would not be able to help patients and families that need assistance with their household bills, groceries, and gas. That relief enables them to focus on their health while going through cancer treatment. I am very grateful to Angel Foundation™ for providing that relief."*

— Healthcare Practitioner

*Angel Foundation™ would like to thank all our supporters who either gave anonymously or contributed less than the amounts listed in this report. Every gift was critical to the delivery of our programs.*

*We would also like to thank all who designate Angel Foundation™ in their employer's workplace giving campaigns. Additionally, we are grateful to all who attended our events, shared our message, or supported Angel in any way. You are all important and help us provide quality programming for adults and families in our community who are facing cancer.*

*We make every effort to acknowledge our generous donors. Please accept our sincere apology and contact us if your name was inadvertently omitted.*

*Thank you  
for being a part of  
the Angel community!*

## Individuals

Thank you to this remarkable group of Individuals whose generosity in 2024 advanced Angel Foundation's™ mission, transformed our work, and helped us reach more patients and families than ever before.

# Tribute Wall

After almost a decade of serving cancer patients from our Mendota Heights office, we refreshed our office space in 2024. One of our favorite improvements was updating the Recognition Wall in our boardroom, which features our most loyal and generous donors. Please accept our heartfelt thanks for your support of our mission. We hope you will visit and see the wall for yourselves!

# A Fresh New Look

## A Fresh New Look

Refreshing the Child and Pre-Teen Angel Packs™ to include more therapeutic and age-appropriate information for kids with an adult with cancer was one of our proudest accomplishments of 2024. The new kits offer emotional and practical support to children and guidebooks to help parents talk to their kids about something as scary as cancer.

*"When my husband started his cancer treatment, his provider gave our four children your wonderful Angel Packs™. They have been a wonderful aid in helping explain what cancer is, demonstrating medical tools they might see, and consoling them when they are overwhelmed. They love Rory and have held him close. We truly appreciate your mission."*

In addition to refreshing our Angel Packs™, we also began offering an Angel Pack™ distribution program that enables employers to purchase packs as a wellness benefit for their employees facing cancer. Allianz Life Insurance was the first employer to elect this offering in 2024. Angel Foundation™ is excited to expand the employer program.

"At Allianz Life Insurance, including Angel Packs™ in our employee services reflects our commitment to supporting our teams both professionally and personally, with meaningful resources that make a real difference for families. When a parent is diagnosed with cancer, the emotional toll, especially for children, can be overwhelming. Angel Packs™ are an evidence-based resource thoughtfully designed to help employees navigate conversations about cancer with their children, using therapeutic activities, age-appropriate tools, and a step-by-step parent guide that supports honest, compassionate dialogue during uncertain times."

# HCP Spotlight & Interview

Monetary support, volunteering, and committee membership are vital and visible avenues through which supporters of Angel Foundation™ enable us to serve cancer patients across Minnesota. However, the healthcare workers, social workers, and patient navigators in oncology clinics play an equally important role. These professionals connect patients to Angel Foundation™ as they undergo treatment. In fact, most of the clients Angel Foundation™ serves are referred by these dedicated people.

One such example is Jane, a social worker who referred more patients to Angel Foundation™ in 2024 than anyone else. During a conversation with Jane, she shared that she always keeps Angel Foundation™ top of mind when meeting with new patients. By asking thoughtful questions about a patient's financial stability, family dynamics, and whether they are working with a financial planner, Jane gains a fuller picture of their situation and can identify how they might benefit from Angel Foundation's™ programs.

When asked why she thought she was our top referrer, Jane explained that she takes pride in helping cancer patients in all areas of their lives. Her holistic approach ensures that patients not only receive the medical care they need but also the critical support that helps them navigate the challenges of cancer treatment. "The thing I love about working with cancer patients is that every patient's story is different. Their lives are complicated, and made more difficult by cancer, but they do not let that get them down. They show up for their responsibilities and stay resilient. The least I can do is connect them with Angel Foundation™ to help them through another day, week, or month."

***"I am so grateful to Angel Foundation™, and I know the patients are, too. Right now, there is not a lot of support available, but Angel Foundation™ is still helping with so many different types of assistance, whether it's financial, educational classes, or just fun activities. You're still that spark out there that gives people a sense of relief to know they can fall back on you. I refer to you as good people helping good people, and I hope you know that we are all grateful."***

# Looking Ahead

## *Looking Ahead*

As we enter the final year of our Bigger, Bolder, Better strategic plan, we continue to think Bigger, Bolder, and Better to meet the needs of our clients. In 2025, Angel Foundation™ is introducing nutrition education workshops and one-on-one sessions with registered dietitians to further address what has become one of our clients' biggest concerns—access to easy, healthy, affordable meals during their cancer treatment. We are delivering Angel Packs™ statewide, and they can also now be purchased for families impacted by a cancer diagnosis living outside of our service area.

It is hard to believe that in 2018 we served 2,600 patients and by the end of 2025 we will have served 4,200 in a single year. That is a 62% increase over three years.

In 2026, Angel Foundation™ will celebrate our 25th anniversary. As we begin to reflect on all Angel Foundation™ has accomplished in our first 25 years, our Horizon Committee has been looking ahead to what we want Angel Foundation™ to accomplish over the next 10 years. As we close out our Bigger, Bolder, Better strategic plan, we know that our next strategic plan, currently in development, will be the first steppingstone towards our goal of becoming Minnesota's premier cancer resource by our 35th anniversary.

Mission  
*Mission*

Vision  
*Vision*

Angel Foundation's™  
vision is for all adults  
facing cancer to  
have the resources  
they need throughout  
their journey.

Angel Foundation™ offers relief  
to adults with cancer and  
their loved ones through  
financial assistance,  
education, and  
emotional support.

*"This money was a bridge that financially rescued my family  
between the end of disability benefits and returning  
to work after seven months of cancer treatment.  
I could not be more humbled and grateful for the support  
you have provided."*
